Lyme Regis Sailing Club

Cruiser Ragette

February 2010

Easter is early this year so:

Lifting-in dates to suit the tides are: Sat/Sun 21-22 March 2010

Which means about 6 weeks to prepare and we are afloat again!

All cruisers to vacate the car park please by 1st April to allow the Dinghy section to prepare. For the diary: Lift out is booked for 9/10 October 2010 with no additional Harbour charges for the slightly extended season.

Fitting Out Supper: Friday 27 Feb 2010

Italian Theme at the Clubhouse - Numbers strictly limited

Tickets: contact Liz Truscott or myself.

Moorings

Harbour use charges are due about now and the substantial increase in the cost of Lifting-in and out will have been noticed. The Club has made robust representations as to the reasonableness of these increases and continues to pursue a number of issues. It will be seen that 'accompanied lifts' are no longer offered and we are awaiting clarification as to precisely how an 'unaccompanied lift' is to be provided. More information follows.

Mooring Allocation

WDDC Harbour Policy is circulated with the renewal application. Concern was expressed recently when a renewal was not offered to a partner where the named mooring holder is sadly no longer with us.

Fortunately, this interpretation has been overturned, but all mooring holders should ensure that all partners of the boat, to include husbands & wife's' names are clearly shown on the annual renewal to WDDC as partners. Any further enquiries to the Harbour Master and advise me of any ongoing concerns please.

Cruiser & Lift Keel Racing

*2009, for a variety of reasons was fairly poorly attended, so much so that **Blue Blazer** even got a look in on the silverware! This cannot be quite right - so please try to enter whenever possible. Events with only 2 entries only need one more boat to start for a race to be recorded.*

Despite the severe weather at the start of 2010 there is optimism as always for a great sailing season to enjoy.

Mike Moore – Cruiser Secretary Blue Blazer
